ABOUT

Positioned at the very heart of the Serengeti migration corridor in Seronera, Pamoja Serengeti Luxury Camp offers a front-row seat to one of nature's greatest spectacles. Watch millions of wildebeest and zebra traverse the endless plains while predators — lions, cheetahs, and leopards — stalk in the golden grass just beyond your tent.

Our 16 luxury tents are spacious, elegant, and grounded in the landscape. Each features an en-suite bathroom with hot showers, premium bedding draped with mosquito net canopies, USB charging stations powered by solar, and a private viewing area overlooking the plains. At night, the Serengeti sky — one of the darkest and most star-filled on Earth — becomes your ceiling.

Dine under the vast African sky as our private chef crafts exquisite meals from locally sourced ingredients. Evening bonfires crackle in the background while curated wine selections and sundowner cocktails complete the experience. This is safari luxury stripped of pretension — wild, real, and utterly unforgettable.
